SCHOLARSHIPS

A limited amount of financial aid (in the form of grants) is available to US students. To apply, submit a financial aid application along with your program application (both are available online). Aid is awarded to students who demonstrate financial need and academic merit. The preferred financial aid deadline is May 1.

CRITERIA

Applicants must be 15 years of age (16 years of age for lab courses) by the date of attendance and must have completed the 10th or 11th grade in high school. Students should be highly motivated and committed to engaging in college-level work during the summer.

HOW TO APPLY

Apply online at www.precollege.emory.edu for admission to the program and for financial aid. All students are required to submit test scores, current high school transcript, and a recommendation from a teacher or guidance counselor. The application fee is $70. Apply early to ensure residential space and course preferences. Applications are evaluated on a rolling basis until classes are filled.

“Emory’s Pre-College Program let me see our world from a different perspective. I would say that every high school student should apply for an opportunity to study at Emory. It shapes us to be more positive and optimistic with more to dream of.”

—2018 participant from Pakistan
ABOUT THE PRE-COLLEGE PROGRAM

The Emory Pre-College Program gives 10th-grade and 11th-grade high school students an exciting glimpse of academic and residential life at a top-ranked national university. In both credit and noncredit courses, students explore a variety of topics with professors who are leading experts in their fields.

In Emory’s Pre-College Program, you’ll have the option to CREATE your own experience and DISCOVER new interests and friendships. Your overall experience here will IMPACT your choice of possible major and who you want to become as a college-bound student.

Students will:
- experience independence and responsibility in a safe, secure, and supervised environment
- live with peers in an air-conditioned residence hall (commuter students are welcome)
- study and engage in college-level coursework
- explore the city of Atlanta
- attend College 101 sessions

While Emory cannot guarantee program participants’ admission to Emory University for first-year or transfer admission, successful participation in a pre-college summer program may enhance a student’s portfolio for application to selective universities.
